ABOUT ME

Born in 2005, I grew up across New Mexico, from Farmington and Bloomfield down to Las Cruces. I moved often and grew up with limited money. I started working around age 12, pulling weeds to help pay for travel football. Those experiences are part of why I value hard work, adaptability, and building a better future.

I graduated high school early and have maintained a 3.5+ GPA in college. Life became difficult enough that I almost dropped out, but I'm continuing toward graduation at the end of 2026 and becoming the first in my family to earn a college degree.

HOW I WORK

I'm open to different industries, positions, and levels of responsibility. Whether I'm in an office or doing hands-on work and getting dirty, I like to work. My work ethic, leadership, and drive keep me moving forward.

PROJECTS & DIRECTION

PERSONAL PROJECTS

QuickGlance

A personal planning project for plans, priorities, and next steps. Built with AI assistance. Access is available by request through my portfolio.

Little Wishes

Started as a Christmas wishlist for my girlfriend after another app did not give us the experience we wanted. It became a place to discover gifts, save wishes, and share lists, with an iPhone-friendly design.
